

Electromagnetic Energy Conversion - ELEC0431 : Laboratories presentation

8 February 2019

Nicolas Davister

Montefiore Institute, Department of Electrical Engineering and Computer Science, University of Liège, Belgium

4 sessions

- Laboratory session 1: Transformers,
- Laboratory session 2: DC machines,
- Laboratory session 3: AC synchronous machines,
- Laboratory session 4: AC asynchronous machines.

Groups of 4 students

Lab sessions are mandatory !

- One report by group will be requested at the end of each session.
- Due to the limited number of testbenches, the laboratory sessions will not necessarily follow the class schedule for each group.

Student-instructors :

Adrien Bolland, Thomas Gregov, Sébastien Lambrechts.

- By group of 4 students fill-in the doodle:
<https://doodle.com/poll/3859aayaqr5kmeyr>
 - **one entry** by group of 4 students
 - fill at least **6 slots**
- If none of the available slots works, contact me:
ndavister@uliege.be as soon as possible

Doodle closing date: **Next week** (15 February 2019)

Additional information

The labs present some risks that you should be aware of !
